

# COMMUNITY DIRECTOR UPDATE FEBRUARY 1, 2026

## COMMUNITY NEWS

February is typically the coldest month of the year, and we want to help everyone stay safe, warm, and prepared as temperatures drop.

- Protect your pipes: Let faucets drip slightly, open cabinet doors to allow warm air to circulate, and insulate any exposed plumbing.
- Set your thermostat no lower than 60 degrees and never turn your heat off, even if you are planning on being away.
- Prepare for icy conditions: Keep salt or Ice Melt on hand for walkways and steps and use caution when walking or driving.
- Pet safety: Bring pets indoors and limit their time outside during extreme cold.
- Aviator residents, please keep your garage door closed.

## MAINTENANCE TIPS

### Window Safety

It's estimated that more than 3,300 children each year are treated in emergency rooms specifically due to window falls, many of them under the age of five. This is scary to think about, but window falls can be prevented! Click [here](#) for window safety tips from Safe Kids Worldwide.

## SATISFACTS REVIEWS ★★★★★
