Spring Cleaning Safety Tips

Ready to tackle a few spring cleaning chores?

- Don't try to do it all in one day. It's hard to stay safe when you're tired or rushed.
- Lift properly - keep your back straight and lift with your legs. Or find a buddy!
- Be cautious using ladders and step stools.
- Follow cleaning product safety information. Read the label and use as directed.
- Keep cleaning buckets out of reach. A child can drown in a few inches of liquid.
- Clear away clutter to avoid trip hazards.
- Check your fire extinguisher.
- Replace smoke and CO detector batteries.
- If you have questions about your detectors, please contact maintenance.
