ISSUE 7 : July 2017

Independence Day

Americans will gather to celebrate the anniversary of the birth of our nation today. The 13 Northern American colonies led by George Washington, fought to separate themselves from the UK and King George III rule. The US secured independence from the British Empire after the Revolutionary War upon signing the Declaration of Independence July 4th, 1776. With support from France and Spain and diplomatic efforts by Thomas Jefferson we became the United States of America!. Happy celebrating!
