

Happy New Year 2018

Wishing all of you an incredible new year to come! Hopefully, we can take the good with the bad, serving as a stepping stone on our life's path as our experiences turn into wisdom. May new resolutions serve as a lifestyle change and carry nourishment in to your world. It's been a joy getting to know all of you and to be a part of the events throughout the year! We appreciate everyone of you and thank you for calling us home! Happy New Year!

Referrals for the new year \$100

Make some extra money! Move your friends into Quail Hollow and you will receive \$100 gift card.

BE READY FOR FREEZING WEATHER

Colder seasons require more than just a good snuggle. Your unit will need weather proofing like...slow drip your faucets, opening up your cupboards allow warm air flow to the pipes, when you leave town always set your thermostat at least to 68* and be sure to have a friend or neighbor watch your place while you're gone.

Live in an apartment? Once temperatures drop below 30* it will be too cold to use your regular heating source. You will want to click your gauge over to EM Heat. This ensures your home is always heated, but remember to manually turn this off as it does not do so automatically.

Please call in work orders involving heat and water immediately during business hours so we may fix the problem before nightfall when you need it most!

Maintenance Line 325-690-6698.

Celebrate!
